

Good for your business. Good for your community. Good for Vermont!

Becoming an authorized 3SquaresVT retailer will increase your sales and provide an important service to your customers and your community. 3SquaresVT supports both the people who receive benefits and local retailers.

In 2009, 3SquaresVT will give Vermonters over \$100 million to spend in the state's grocery stores.

What is 3SquaresVT?

3SquaresVT (formerly Food Stamps) is a federal program that gives people money to buy food. Households receive monthly benefits to purchase food from authorized retailers. Benefits are issued in the form of an Electronic Benefit Transfer (EBT) card that functions like a debit card, with purchases automatically deducted from the household's allotment.

Who gets 3SquaresVT?

The majority of 3SquaresVT benefits go to households with children, elders, or people with disabilities. To qualify, a household must have limited income and high expenses.

Is my store eligible for authorization?

In order to participate as a 3SquaresVT retail store, your business must **EITHER:**

Sell at least three varieties of foods in each of the following four staple food groups on a daily basis (this includes perishable foods in at least two of the following categories):

- Meat, poultry, or fish
- Bread or cereal
- Vegetables or fruits
- Dairy products

OR:

Receive more than 50% of gross sales from the sale of these staple foods.

How can I become an authorized 3SquaresVT retailer?

If you would like to accept 3SquaresVT in your store, you must apply for authorization from the U.S. Department of Agriculture (USDA), Food & Nutrition Service (FNS). The authorization process usually takes about 30-45 days and involves an application form, a site visit, training, and equipment set up. **Apply online or call 1-877-823-4369. It's easy!**
